

## **Important Notice from The Pennsylvania State University About Your Prescription Drug Coverage and Medicare**

**Please read this notice carefully and keep it where you can find it. This notice has information about your prior prescription drug coverage with The Pennsylvania State University (known as "Penn State") and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.**

**There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:**

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. Penn State has determined that the prescription drug coverage offered under Highmark Blue Shield (Lion Traditional PPO plan and Lion Advantage HDHP plan) is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your prior coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

### **When Can You Join A Medicare Drug Plan?**

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15<sup>th</sup> to December 7<sup>th</sup>.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

## **What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?**

If you decide to join a Medicare drug plan, your Highmark Blue Shield plan coverage will not be affected. Your plan participation allowed for purchase of drugs from a network pharmacy to be eligible for benefits under the plan. No benefits are available if purchased from a non-network pharmacy.

Network pharmacies have an arrangement with Highmark Blue Shield to provide prescription drugs to you at an agreed upon price. You are able to purchase drugs at an in network retail pharmacy (medications filled at 31-days or less), mail-order pharmacy (medications obtained at a 90-day supply), or specialty pharmacy (high-cost medications used to treat complex, chronic conditions).

## **When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?**

You should also know that if you do not join a Medicare drug plan within 63 days of your loss of prior coverage from Penn State, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
